STRENGTHS

**Ergonomics**

SIMPLE-CARE lets you mount several accessories for the connection and attachment of all biomedical accessories and devices.

**Custom lighting**

According to your preferences, the vertical bed head unit can be combined with a wall lighting unit from the TLV range, providing an efficient lighting solution that is comfortable for patients and care staff.

SIMPLE-CARE

- Medical gas equipment
- Low/Extra low voltage equipment
- Custom height
- Stainless steel tube accessory support

- 1. Medical gas compartment
- 2. Low voltage compartment
- 3. Extra low voltage compartment

- 184 mm
- 118 mm
- 55 mm
The SIMPLE CARE vertical bed head unit offers many possible options for integrating electrical and medical gas equipment.

**Power supply**
SIMPLE CARE is designed to be fed:

- From behind, via a cut-out at the back of the bed head unit
- From the ceiling

**Installation**
The SIMPLE CARE is quick and easy to install thanks to its screw-mounting system via the back of the bed head unit.

**Electrical equipment integration**
The waterjet cutting of the SIMPLE CARE’s cover enables exact and customized cutting. It can integrate all forms of outlet. Flush mounting of electrical equipment enables easier cleaning and disinfection of the product.

**Integration of medical gas**
For AFNOR gas outlets, ABS/PC medical gas casings are available with flap. For any other outlet standard (BS, DIN, etc.), there are no medical gas casings.
Equipment

The profile may be equipped, if necessary, with a stainless steel tube Ø38x1000mm accessory stand on the front panel, to mount biomedical accessories and/or tray(s)/drawer(s) units weighing up to 100 kg.

Lighting

Combined with a wall-mounted lighting unit from the TLV range, the SIMPLE-CARE vertical bed head unit provides a comfortable, efficient lighting solution to contribute to the well-being of patients and healthcare professionals.

The vertical bed head unit can optionally be equipped with:

A FLEX-E LED reading spotlamp on flexible stem (anodised)

LED night light built into the bottom fitting.
Norms & certifications

- EN ISO 9001 and EN ISO 13485: Quality management systems
- CE Medical Devices Marking according to 93/42/EEC Directive
